

CLAIMS

1. A controlled release pharmaceutical delivery package comprising a unit aliquot dose of a pharmaceutical electricstatically deposited on a porous, permeable or semi-permeable ingestible membrane.
2. A pharmaceutical delivery package according to claim 1, wherein said membrane comprises an acid-dissolvable material.
3. A pharmaceutical delivery package according to claim 1, wherein said membrane comprises an alkali-dissolvable material.
4. A pharmaceutical delivery package according to claim 1, and comprising two or more pharmaceuticals deposited on said membrane, and separated by one another by one or more barriers or membranes.
5. A pharmaceutical delivery package according to claim 1, according to claim 1, and further comprising an adhesive on the outer surface of the membrane.
6. A pharmaceutical delivery package according to claim 5, wherein the adhesive is acid or alkylene activatable.
7. A pharmaceutical delivery package according to claim 5, and further comprising an alkali or acid dissolvable membrane covering the adhesive.
8. A pharmaceutical delivery package according to claim 1, wherein said membrane comprises a material which expands upon contact with acid or alkaline in the alimentary canal, whereby to become more porous.

BEST AVAILABLE COPY

1 9. A pharmaceutical delivery package comprising two or more active
2 pharmaceuticals (a) combined in a single delivery package, and (b) segregated from one
3 another.

4 10. A pharmaceutical delivery package according to claim 9, wherein said
5 active ingredients are segregated from one another in a compartmentalized capsule.

6 11. A pharmaceutical delivery package according to claim 9, wherein said
7 pharmaceuticals are segregated from one another in a tablet.

8 12. A pharmaceutical delivery package according to claim 9, wherein said
9 pharmaceuticals are encapsulated within inert coatings.

10 13. A pharmaceutical delivery package comprising a mixture of Ketoconazole
11 and testosterone.

12 14. A pharmaceutical delivery package comprising a mixture of Valacylovir
13 and one or both of Cimetidine and Probenecid.

14 15. A pharmaceutical delivery package comprising a mixture of Enalapril and
15 a beta adrenergic-blocking agent, methyldopa, nitrate, a calcium blocking agent,
16 hydrazinc, Prazosin or Digoxin.

17 16. A pharmaceutical delivery package comprising a mixture of Omeprazole
18 and B12.

19 17. A pharmaceutical delivery package comprising a mixture of Omeprazole
20 and Clarithromycin.
